A. Handling of personal data

In the following we wish to provide you with information on how we handle your personal data when you use our Website. Unless otherwise indicated in the following chapters, the legal basis for the handling of your personal data results from the fact that such handling is required to make available the functionalities of the Website requested by you.

I. Using our Website

1. Accessing our Website

Moreover, to protect our legitimate interests, we will store such data for a limited period of time in order to be able to initiate a tracking of personal data in the event of actual or attempted unauthorized access to our servers.

2. Setting of cookies

a. What are cookies?

This Website uses so-called "cookies". Cookies are small text files that are stored in the memory of your terminal via your browser. They store certain information

(e.g. your preferred language or site settings) which your browser may (depending on the lifespan of the cookie) retransmit to us upon your next visit to our Website.

b. What cookies do we use?

We differentiate between two categories of cookies: (1) functional cookies, without which the functionality of our Website would be reduced, and (2) optional cookies used for website analysis and marketing purposes. Subject to your consent

We only use optional cookies if we have obtained your prior consent. Upon your first access to our Website, a banner will appear, asking you to give us your consent to the setting of optional cookies. If your consent is given, we will place a cookie on your computer and the banner will not appear again as long as the cookie is active. After expiration of the cookie's lifespan, or if you actively delete the cookie, the banner will reappear upon your next visit to our Website and again ask for your consent.

c. How to prevent the setting of cookies

Of course you may use our Website without any cookies being set. In your browser, you can at any time configure or completely deactivate the use of cookies. This may, however, lead to a restriction of the functions or have adverse effects on the user-friendliness of our Website.

3. Website Analysis

On our Website we use Google Analytics, a web analysis service of Google Inc., 1600 Amphitheatre Parkway, Mountain View, CA 94043, United States ("Google").

Google will analyze your use of our Website on our behalf. To this purpose we use the cookies described in more detail in the above table. The information collected by Google in connection with your use of our Website (e.g. the referring URL, our webpages visited by you, your browser type, your language settings, your operating system, your screen resolution) will be transmitted to a server of Google in the US, where it will be stored and analyzed. The respective results will then be made available to us in anonymized form. Your usage data will not be connected to your full IP address during this process. We have activated on our Website the IP anonymizing function offered by Google, which will delete the last 8 bits (type IPv4) or the last 80 bits (type IPv6) of your IP address. Moreover, Google is certified under the EU-US Privacy Shield, which ensures that an adequate level of data protection is maintained with respect to the processing of data by Google in the US.

You may revoke your consent to the use of web analysis at any time, either by downloading and installing the provided Google Browser Plugin or by administrating your consents in the above table, in which case an opt-out cookie will be placed. Both options will prevent the application of web analysis only as long as you use the browser on which you installed the plugin and do not delete the opt-out Cookie.

Further information on Google Analytics is available in the [Google Analytics Terms of Use](#), the [Privacy and Data Protection Guidelines of Google Analytics](#) and in the [Google Privacy Policy](#).

4. Subscription to our newsletter

If you do not confirm your subscription, your subscription will automatically be deleted. In order to prevent any misuse of your personal data, we will log your subscription and confirmation, filing the IP address you use when subscribing, the time of your subscription and confirmation, the messages sent by us regarding your subscription, and the wording of your subscription and confirmation.

The respective provider of the services or content may also process your data for own additional purposes. To the best of our knowledge, we have configured the services and content of providers known to process data for own purposes in such a way that either any communication for other purposes than to present their services or content on our Website is blocked, or communication only takes place once you have actively opted to use the respective service. However, since we have no control over data collected and processed by third parties, we are not in a position to provide binding information regarding the scope and purpose of such processing of your data.

III. Processing of data outside the EU / the EEA

In such cases, we will ensure that a sufficient level of protection is provided for your data, e.g. by concluding specific agreements with our contractual partners, or we will ask for your explicit consent to such processing.

- Right of information about your personal data stored by us;
- Right to request the correction, deletion or restricted processing of your personal data;
